Next Generation Locking Well Plugs

Koby Environmental is proud to introduce the next generation locking well plug.

Our new low cost high tech **FlushLock** well plugs are flush in height and diameter with the well casing freeing up space in pro casings or manholes. Made from an environmentally sustainable prime Nylon these high tech safety orange flush locking well plugs use no metals or padlocks, just a unique security key for the ultimate in well protection, incredibly ideal for vapor extraction or product insertion applications. www.kobyenviro.com
